Frameworks & Databases: React, JSP, Hibernate, JPA · MySQL, MongoDB, PostgreSQL, Supabase

Cloud & Tools: AWS (S3, CloudFront, ACM, DNS), Vercel, Oracle Cloud · Git, JIRA, Docker (basic), BrowserStack, GitHub Copilot

PROFESSIONAL EXPERIENCE

Full Stack Backend Intern | Parentof Solutions Pvt Ltd | Bengaluru Jan 2026 - Present

- Supported 5 production releases (v2.0-v2.4+) of attentionhero.com, a live Next.js/MongoDB SaaS on Vercel; validated REST API endpoint behaviour, data flow, and error handling across a microservices stack.
- Reviewed 20+ developer PRs - identifying logic issues, edge cases, and regressions before merge; tracked 50+ defects with detailed reproduction steps, accelerating fix turnaround.
- Produced structured technical release documentation for each cycle, maintaining clarity across engineering and stakeholder teams.
- Designed and implemented a complete CI/CD pipeline for the current production app, automating build, test, and deployment workflows end-to-end.

Java Full Stack Developer Intern | DHEE CODING LAB | Bengaluru Feb - May 2025

- Built Java full-stack web applications across Core Java (OOP, multi-threading, exception handling) and Advanced Java (JDBC, Hibernate, JPA, JSP); designed MySQL schemas integrated with web modules.

Full Stack Web Developer Intern | TEKKYBENCH | Bengaluru Oct - Nov 2023

- Co-built a crowdfunding platform prototype in a 3-person team; received Letter of Recommendation for delivery quality and team collaboration.

PROJECTS

GECR Store - Inventory Management System - *React · MySQL · Auth · Admin Dashboard*

- Full-stack web app deployed at Government Engineering College Ramanagara, replacing a manual ledger system and reducing management time by ~70%; in active daily use.

Embell Decor - Client Business Website - *HTML · CSS · JS* · [embellddecor.com \(Live\)](https://embellddecor.com)

- Designed and delivered a production portfolio site for a real paying client; live, publicly accessible, and actively maintained.

Visage Health - AI Facial Health Analyzer - *Google Gemini API · Firebase · FlutterFlow*

- AI-powered app that analyses facial photos via Google Gemini API to deliver personalised daily skincare suggestions; demonstrated with a working live video demo.

Cloud Portfolio - *AWS S3 · CloudFront · ACM · Route 53* · [syedkm.com \(Live\)](https://syedkm.com)

- Deployed personal portfolio end-to-end on AWS, resolving real production DNS/SSL/CDN challenges from scratch.
